

Johnson's[®]
CHOOSEgentle™

Desitin[®]

For the most
delicate days of life

We're committed to delivering the best for babies.

For decades, we've pioneered research to further understand the unique needs of baby's eyes, skin and hair. Every JOHNSON'S® product is designed to meet or exceed the top internationally recognized regulatory standards.

JOHNSON'S® products are tested for the safety every baby deserves. And Johnson's is suitable for use on skin of all ages.

JOHNSON'S® lotions are formulated to provide safe, gentle moisturization for all baby's skin. Our pH balanced washes will remove dirt without stripping natural oils or damaging baby's fragile skin and hair.

It's our passion and our purpose to help every child get the healthiest start to life, and so when it comes to making gentle choices, start from the first days. After all, gentle choices now can mean healthier tomorrows.

Johnson's
CHOOSEGENTLE®

#1 choice of hospitals,
#1 choice of parents.*

Dye-free.** Sulfate-free. Worry-free.

Cleansers

Our cleansers pass the rigorous NO MORE TEARS® clinical test, proving them to be gentle to the eyes in case of accidental splashes. All cleansers are also free of sulfates and soaps.

JOHNSON'S® HEAD-TO-TOE® Wash & Shampoo

- Gently cleanses infants' skin & hair
- Preserves mildly acidic pH of babies' skin and maintains baby's natural skin moisture barrier
- Clinically tested and developed for sensitive newborn skin

JOHNSON'S® Baby Shampoo

- Mild & gentle cleansing for infants and all other patients
- Gently washes away dirt & germs
- Leaves hair soft, shiny and smelling fresh

JOHNSON'S® CottonTouch® Newborn Wash & Shampoo

- Light, velvety lather leaves skin soft
- Gently washes away dirt & germs
- Preserves mildly acidic pH of babies' skin, helping maintain barrier function
- Clinically tested and developed for newborn's sensitive skin

JOHNSON'S® HEAD-TO-TOE® Baby Cleansing Cloths

- Leaves skin smelling fresh & clean
- Alcohol free

JOHNSON'S® No More Tangles® Detangling Spray

- No More Tears® formula
- Can be used on wet or dry hair for easier combing and styling
- No rinsing required

Moisturizers

Our moisturizers carry the CLINICALLY PROVEN MILDNESS stamp of approval—letting healthcare professionals and parents know that they can trust these products for baby's delicate skin.

JOHNSON'S® Baby Lotion

- Gently nourishes & hydrates infant and adult skin for 24 hours
- Enriched with coconut oil
- Preserves mildly acidic pH of babies' skin, helping maintain barrier function

JOHNSON'S® CottonTouch® Newborn Face & Body Lotion

- Water gel formula instantly delivers nourishing hydration to the skin
- Preserves mildly acidic pH of babies' skin, helping maintain barrier function
- Absorbs fast & leaves minimal residue
- Blended with real cotton

JOHNSON'S® Baby Oil

- Helps moisturize & prevent moisture loss
- Clinically proven to be gentle and mild for baby's delicate skin
- Locks in up to 10x more moisture on wet skin than an ordinary lotion can on dry skin
- Allergy-tested formula

Touch benefits both baby and parent

When babies and parents interact through touch, they show more positive emotions, experience less stress, and form stronger connections. A bath-time and massage routine is a great way to promote touch.

Creams & Powders

DESITIN® Maximum Strength Original Paste (40% Zinc Oxide)

- Soothes & relieves on contact
- Helps promote healing and treats diaper rash: clinically shown to protect baby's skin for up to 12 hours
